

Pawan Hiray

AI Product Developer — Next.js, TypeScript & AI integrations

Mumbai, India · [+91-8452065010](tel:+91-8452065010) · pawanhiray1@gmail.com
github.com/hiraypawan · [LinkedIn](#) · pawanhiray.vercel.app

Open to junior roles & freelance — Mumbai / Pune / Remote / Hybrid. Ready to relocate.

SUMMARY

Computer Engineering background with hands-on, AI-assisted product building and community leadership. Former President of MUPStudentsUnited (Aug 2024–Mar 2026). Seeking a junior development role or freelance product work.

SKILLS

Product stack (AI-assisted): Next.js, React, TypeScript, Node.js, Express, MongoDB, JWT

AI & platforms: Gemini / OpenAI APIs, Cloudflare Workers / D1, Supabase, Chrome MV3

Tools & foundations: Git, Vercel, HTML, CSS, JavaScript fundamentals; continuing to build coding depth

LEADERSHIP & COMMUNITY

President & Platform Developer — MUPStudentsUnited

Aug 2024 — Mar 2026

Product workflows, platform UX, implementation, and community adoption

- Designed authentication, note-upload, and administrator-approval workflows with AI-assisted development.
- Oversaw platform UX, feature implementation, and community adoption.
- Community: 10K+ Instagram followers; 200–300+ peak-season active users (self-reported).

SELECTED PROJECTS

OneBrain

2026

Founder & AI Product Developer · AI life OS

Voice-first capture with a review step, a local vault, and D1-backed sync. Built with Next.js and Cloudflare Workers.

Outcome: Public deployment at onebrains.pages.dev

Next.js · TypeScript · Cloudflare Workers · D1 · Voice AI
